

PRESS RELEASE

September 18th, 2019

VMI Care at Pharmacy Show 2019

The Pharmacy Show will return to Birmingham on 6 and 7 October 2019.

Digital packaging looks to play a key role in the Technology agenda of the NHS Five Year Plan.

VMI Care has redesigned the Rx assembly, checking and packaging process. We help you managing your operating costs and substantially reduce packaging errors by bringing our digital packaging expertise to your pharmacy. VMI will expose the INDIVION and the Pharys Software at this show.

We look forward to welcoming you on our booth PB30 and inform you in further detail.
